\* If Smart Sense Resistor R7 is cut Input #1 will report a code 7 or code 8, if uncut a code 1 will be reported.

\*\* FOR DEALER INFORMATION ONLY, A COMMUNICATION FAILURE CODE WILL BE GENERATED IF NO SIGNALS OR ALARMS WERE RECEIVED FROM THE TRANSMITTER DURING THE SPECIFIED SUPERVISION NOTIFICATION PERIOD. DEFAULT TO DAILY SUPERVISION IF NO NOTIFICATION PERIOD IS CHOSEN.

SUBSCRIBER INFORMATION MUST BE PROVIDED IN ORDER TO SATISFY FCC LICENSE REQUIREMENTS.

**SERVICE TERMINATION**

As space on NEARNET's allocated frequencies is a tangible, finite asset, SUBSCRIBERS may be removed from the Network and thereby cease monthly service costs by no longer using a portion of that asset and eliminating transmitted signals from the premise ONLY. NEARNET shall cease billing DEALER upon written certification from the DEALER that the SUBSCRIBER transmitter has been disabled and confirmation that no radio communications from the SUBSCRIBER have been received by NEARNET. The DEALER is ultimately responsible for disabling the transmitter by either removing it from the SUBSCRIBER's premise or permanently disabling it. Radio signals are monitored daily and any future transmissions will be billed accordingly.

### WIRELESS ALARM COMMUNICATION SERVICE

It is understood that the service provided is that of receiving wireless signals from equipment properly installed and maintained by DEALER in SUBSCRIBER's premises and relaying these signals by Digital Dialer Emulation to the DEALER's central station digital receiver. The SUBSCRIBER acknowledges there are certain unavoidable limitations in providing radio signal services and such limitations are inherent with such systems and that provider herein known as CRN does not insure, guarantee, or warrant to the SUBSCRIBER that by subscribing to this service the SUBSCRIBER's security system will function as intended. Wireless service is being provided upon the express understanding and condition that provider is not an insurer or guarantor of the performance of any security system and that it has expressly denied and disclaimed any representations or intent on the part of the provider that the service meet any specific standard for a security system.

It is recognized that radio interference may affect the transmission of a SUBSCRIBER's signal to receiving sites on occasion and that damage could occur to receiving sites, processor, or other related equipment that could temporarily result in the absence of service. Additionally, during routine maintenance to receiving equipment, service may be temporarily interrupted. Reasonable efforts will be made to perform such routine maintenance and calibration at times that the smallest number of users will be effected. To this extent the SUBSCRIBER assumes and accepts such risk and the consequences of such and agrees to hold the provider harmless from any and all claims, including third party claims as a result of the absence of service.

### LIABILITY LIMITATION

The SUBSCRIBER recognizes that there is no guarantee that signals from alarm communication equipment installed in the SUBSCRIBER's premises will result in successful downloading to the CENTRAL STATION and that provider WILL NOT HAVE ANY LIABILITY FOR ANY LOSS WHATSOEVER, INCLUDING BUT NOT LIMITED TO PROPERTY DAMAGE, PERSONAL INJURY, FLOOD, ETC. RESULTING FROM A CLAIM THAT THE NETWORK DID NOT PROVIDE WARNING. THERE ARE NO WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE, OTHER THAN THOSE SPECIFIED WITHIN. IN NO CASE SHALL THE PROVIDER BE LIABLE TO ANYONE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES FOR BREACH OF THIS OR ANY OTHER WARRANTY, EXPRESS OR IMPLIED, OR UPON ANY OTHER BASIS OF LIABILITY WHATSOEVER, EVEN IF THE LOSS OR DAMAGE IS CAUSED BY THE NEGLIGENCE OR FAULT OF EITHER OR BOTH OF THEM. In consideration of the SUBSCRIBER's assumption of risks as provided herein and the limitation of service to be provided by the provider, and the limitation of liability set forth in this agreement, the SUBSCRIBER further agrees and contracts to limit the total liability of the provider to a maximum of \$100.00 for any and all claims per SUBSCRIBER.

**RIGHTS TO ASSIGNEES/SUBCONTRACTORS** - Provider shall have the right to assign this agreement to any other person, firm or corporation without notice to the SUBSCRIBER and shall have the further right to subcontract any installation, monitoring, network, repair service or other services which it may perform. The SUBSCRIBER acknowledges that this Agreement, and particularly those paragraphs relating to the provider's maximum liability, limit of liability, and third party indemnification, insure to the benefit of and are applicable to any assignees and/or subcontractors of the provider and they bind the SUBSCRIBER with respect to said assignees and/or subcontractors with the same force and effect as they bind the SUBSCRIBER to the provider.

**SUBSCRIBER TERMINATION** - As space on the provider's allocated frequencies is a tangible, finite asset, SUBSCRIBERS may be removed from the Network and thereby cease monthly service costs by no longer using a portion of that asset and eliminating transmitted signals from the premise ONLY. The provider shall cease billing any SUBSCRIBER upon written certification from the Alarm Dealer that the SUBSCRIBER transmitter has been disabled, and confirmation that no radio communications from the SUBSCRIBER have been received by the Network. To accomplish this, the SUBSCRIBER authorizes the Alarm Dealer and/or the provider to enter the SUBSCRIBER's premise to permanently disable the transmitter.
